The inaugural EMEA Dynamic Navigation Society Symposium

5-6 July 2019
Università di Roma
La Sapienza
Dipartimento di Scienze Odontostomatologiche
Targeting perfection

Freehand surgery using Navident’s real-time computer guidance technology enables you to take precision and safety to a whole new level. Navident takes away the uncertainty and complications that exist with conventional protocols, providing greater confidence in dental implant planning and placement.

- Precision guidance for increased accuracy, within 0.5 mm of the treatment plan*
- Prepare the implant site completely freehand with confidence of consistent results
- Easy to use, reducing time and expense with a simplified digital workflow
- Plans can be modified at any time, even during treatment
- Provides more opportunities for flapless protocols and without a physical guide

*Average error of 0.4 mm in internal bench tests with a range of operating conditions.

The inaugural EMEA Dynamic Navigation Society Symposium
5-6 July 2019

The Dynamic Navigation Society is focused on enabling precise dental implant surgery and restoration, through education and training in the latest computer-guided planning and placement technology.

The Society is a community of internationally renowned experts dedicated to optimising dental implant treatment techniques.

Join us for the inaugural symposium in one of Europe’s most awe-inspiring cities.

A comprehensive series of lectures and discussions on the benefits of dynamic navigation for precise implant placement will be delivered by a line-up of world-class speakers.
The inaugural EMEA Dynamic Navigation Society Symposium

Programme
The event is divided into three sessions and will be conducted in English and Italian. Participants can choose to attend the whole event or specific sessions, as preferred.

Friday 5 July
08:30-09:00 Welcome and registration

Session 1: The power of dynamic navigation

Objective: By the end of this session, delegates will have a general understanding of the benefits and features of dynamic navigation.

09:00-09:30
The present and future of dynamic navigation
Doron Dekel (ClaroNav CEO)

09:30-10.00
Dynamic navigation in daily practice
Dr Giancarlo Bianca

10.00-10:30
Full arch solutions: past, present and future
Dr David Burgess

10:30-11:00
Dynamic navigation for previously augmented patients
Prof Tadeusz Morawiec

11:00-11:30 Coffee break

11:30-12:30
Simplified digital workflow
Dr Paolo Zalunardo and Dr Pierluigi Pelagalli

12:30-13:00
Dynamic navigation for piezoelectric surgery
Dr Ricardo Henriques

13:00-14:00 Lunch break

14:00-15:00
Dynamic navigation for endodontics
Prof Gianluca Gambarini

15:00-15:45
Treatment of atrophic maxilla
Prof Marco Esposito

15:45-16:45
Pterygoid implant placement with dynamic navigation
Dr Luigi Stefanelli, Dr Bradley DeGroot and Dr George Mandelaris

16:45-17:45
Zygomatic implant placement with dynamic navigation
Dr Pietro Felice and Dr Roberto Pistilli

17:45-18.30
Clinical trial at Istanbul University
Prof Volkan Arisan

18:30-19.30
DNS charter and presidential inauguration

Saturday 6 July

Session 2: Navident applications in depth

Objective: By the end of this session, delegates will have an understanding of the advantages of using dynamic navigation for specific treatments.

14:00-15:00
Dynamic navigation for endodontics
Prof Gianluca Gambarini

15:00-15:45
Treatment of atrophic maxilla
Prof Marco Esposito

15:45-16:45
Pterygoid implant placement with dynamic navigation
Dr Luigi Stefanelli, Dr Bradley DeGroot and Dr George Mandelaris

16:45-17:45
Zygomatic implant placement with dynamic navigation
Dr Pietro Felice and Dr Roberto Pistilli

17:45-18.30
Clinical trial at Istanbul University
Prof Volkan Arisan

18:30-19.30
DNS charter and presidential inauguration

20:30-22:00 Gala dinner
Hosted by Prof Gianluca Gambarini

Session 3: Navident certification

Objective: By the end of this session, delegates will be certified to use the Navident dynamic navigation system.

09:00-12:30
Navident certification course with hands-on training and drilling on a phantom head
Booking information

Delegate fees per session (including VAT at 22%):

Session 1: The power of dynamic navigation

- 61 € early bird discount until 31 May 2019
- 122 € full price from 1 June 2019

Session 2: Navident applications in depth

- 183 € early bird discount until 31 May 2019
- 244 € full price from 1 June 2019

Session 3: Navident certification

- 366 € early bird discount until 31 May 2019
- 427 € full price from 1 June 2019

Special offer for sessions 1 and 2

- 183 € early bird discount until 31 May 2019
- 305 € full price from 1 June 2019

Special offer for all three sessions

- 549 € early bird discount until 31 May 2019
- 725 € full price from 1 June 2019

Gala dinner

- 55 € per delegate

To book please email kemisha@claronav.com to request a registration form or call Kemisha on +1 647 951 1529 or Luca on +39 349 536 8331.
